SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

January 31, 2025

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Kar K. Yip
Network Engineering and Operations
140 West Street, 5th Floor
New York, NY 10007
212-519-4851

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after June 1, 2025

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
West 36th St. 2 NY 5E Switch	230 West 36th Street New York, NY 10018	NYCMNY36DS1
Pearl St. NY C20 Switch	375 Pearl Street New York, NY 10038	NYCMNYSPSP1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the West 36th St. 2 NY 5E switch are associated with CLLI code NYCMNY36DS1 and will not be repeated throughout this notice.
- All references to the Pearl St. NY C20 switch are associated with CLLI code NYCMNYSPSP1 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon West 36th St. 2 NY 5E switch, located at 230 West 36th Street, New York, NY 10018, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pearl St. NY C20 switch, located at 375 Pearl Street, New York, NY 10038. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pearl St. NY C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the West 36th St. 2 NY 5E switch will be required to reposition the codes to the Pearl St. NY C20 switch.

All ASRs for the Pearl St. NY C20 switch must be received no later than April 1, 2025, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the West 36th St. 2 NY 5E switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the West 36th St. 2 NY 5E switch (**on or after June 1, 2025**). This will serve to guide interconnect re-routes of traffic for the twenty-seven (27) native codes currently served by the West 36th St. 2 NY 5E switch to reflect the Pearl St. NY C20 switch as the new home switch.
