

Verizon Offices Equipped for High Speed Internet in Pennsylvania

Verizon met its Chapter 30 obligations to deliver broadband to 100% of its Pennsylvania service territory by the end of 2015.

And broadband availability in rural areas has increased dramatically since December 200, when Act 183 renewed Chapter 30.

Verizon High Speed Internet Deployment in Pennsylvania

All Verizon Central Offices in PA Have Been Equipped with High Speed Internet Capability

ACTIVE

NON VERIZON TERRITORY COUNTY

The numbers in **bold** denote the number of Remote Terminals (small buildings or cabinets, remote from the central office, that provide services) in the respective central office area that have been deployed to provide HSI, extending availability beyond existing distance limitations of central office deployment.
